SECRETARY TO GOVERNMENT
22 DEC 1953
HEALTH, EDN. & LOCAL ADMN. DEPT.

Dear Sri Shetty,

Sub: In the matter of improvements to the Government Hospital, Puttur, South Kanara.

I am addressing you on the above matter. I believe you are aware of the essential and urgent needs of the above Hospital from the minutes taken in a meeting of the Hospital Advisory Committee held on 31-10-53 (Copy forwarded). Among others, (1) expansion of the dressing rooms (both male and female), (2) conversion of the present labour room into labour ward and (3) provision of residential quarters to woman Assistant Surgeon, Maternity Assistant, Nursing Orderlies, and Thoties are urgent and deserve your active consideration.

The office building of the Sub-Registrar which is adjoining the Government Hospital is suitable for residential quarters of the Woman Assistant Surgeon. The question of converting this building into residential quarters and providing seperate building for the Sub-Registrar may be examined. There is acute scarcity of buildings in Puttur. The Woman Medical Officer is poorly housed at present. In case the present position continuing, Puttur will not attract the post for which there is great demand by the public. Hope you will give kind attention to the proposals.

Thanking you,

Yours sincerely,

K. Venkataramana Gowda
M.L.A

Dear Hon'ble Sri Shetty,

49710

Manu

On 21-12-1953 I addressed you on the need to effect certain improvements to the Government Hospital, Puttur, South Kanara District.

Among other improvements to the existing hospital building, I suggested the immediate need to provide quarters at Government cost for the Woman Assistant Surgeon. In this connection I also proposed that the adjoining office building of Sub-Registrar might be taken over for purpose of providing residential quarters to the Woman Assistant Surgeon.

The post of Woman Assistant Surgeon was created in the hospital long back. But the post had remained vacant for aperiod longer than it was filled. Recently a lady was posted. Even she has gone on long leave and it is said that she is unlikely to return to her post. The main reason for the uncertainty of any Woman Assistant Surgeon sticking to the post is for want of attraction on account of non-availability of suitable accommodation in the place-Puttur is a growing town and hence there is acute scarcity of residential buildings.

I, therefore, remind you of my earlier letter and request you to give your immediate attention to the suggestions made therein as well as the specifically mentioned in this letter.

Thanking you,

Yours sincerely,

K. Venkataramana Gowda

Ref:-Govt.Memo.No.76469-H-11/53-6-H.,dated 23-7-54.

1. The plans and estimates for the conversion of the ~~lab~~ labour room into a labour ward and for the expansion of the dressing rooms in the Government Hospital,Puttur, have not yet been received and the District Medical Officer South Kanara is being reminded.

2. A copy * of petition dated 26-1-1954 from Sri P.Ramachandra, Local Fund Compounder is enclosed for the information of Government. The District Medical Officer recommends that the entire plot may be acquired for future extension.

3. The Tahsildar, Puthur reports that the value of the plots of land belonging to Sri P.Ramachandra, Local Fund Compounder measuring 60 cents in all would be between Rs.5000/- to Rs.6,000/- including the improvements with the building and tree growth. The plinth area of the two buildings is ~~xxxx~~ 2000 feet.The Medical Officer, Govt.Hospital,Puthur states that one of the buildings can be used as quarters for the Assistant Surgeon with suitable alterations and the other for the use of two nurses as quarters. I recommend the proposal to acquire the plot in question.

Yours faithfully,

for Director of Medical Services.

*Copy of letter.

The petitioner approaches the Director of Medical Services,Madras with the fervant hope that he would weigh and consider sympathetically the grievances of the petitioner and be pleased to pass early favourable orders.

2. The petitioner has got a darkast plot in S.No. 47 Patta No.85 of Puttur Casha village quite adjacent to the Hospital on the southern side on the river bank. The plot consisting of 2 residential buildings is very close to the Post mortem shed which is situated outside the hospital compound quite in front of the residential buildings situated in my plot The petitioner has recently effected improvements to the residential buildings of worth Rs.3,000/- But he regrets very much to state that to his greatest detriment and ill-luck the buildings are not liked by the public for residential purpose as the Post Mortem shed is very close to the houses and dead bodies in a very decomposed state are received and kept in the Post mortem room for a considerably long time and the whole atmosphere in the surroundings is spoiled.

It is, therefore requested that immediate steps may kindly be taken to remove the Post mortem shed from the present locality and construct the same any where in a suitable place within the Hospital compound in the interests of health of the people residing in the neighbourhood. If however this is not possible, the proposal to acquire the entire plot on behalf of the Department may be considered in the alternative and in such a case the petitioner is willing to part with the land. The Government can conveniently use the buildings for the residential quarters of the Hospital staff or for any other useful purpose of the Hospital.

Awaiting the favour of early favourable orders. For which act of kindness and justice the petitioner will ever remain grateful.

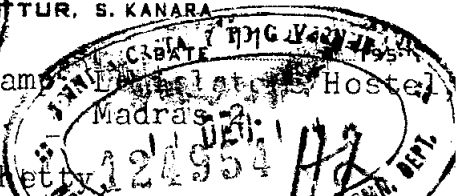
Dt: 12/12/54



Dear Hon'ble Sri Shetty,

You are aware that I have been ventilating the public feeling repeatedly regarding the inconvenience caused to women patients by not filling for a long time the vacancy of Woman Medical Officer in the Government Hospital, Puttur, South Kanara District. The post has been generally kept vacant and at times when appointment is ordered, the officer either did not take up the post or in case joined went on leave after serving for a few days. This has been recurring all along. The main reason for this unfortunate situation seems to be non-availability of suitable building in the place for residential purposes of the Medical Officer concerned.

It has, therefore, become an urgent need to provide residential quarters for the Woman Medical Officer at Government cost. In this connection, it may be remembered that representations have been received by me from the Hospital Advisory Committee as well as from me on the desirability of taking over the office building of the sub-Registrar for being converted into residential quarters. This building

P.T.O.

which is situated in the very next compound is ideally fit for the Hospital purposes only and could be easily made suitable for residential quarters. There will be no difficulty for the Registration Department to find alternative accomodation in the town.

I, therefore, urge you to kindly take up the question urgently and also to post a woman Medical Officer to the post.

Thanking you,

Yours sincerely,

M K A

PROCEEDINGS OF THE HOSPITAL ADVISORY COMMITTEE [illegible] Udupi Taluk
held on 24-12-1954.

Name of the Institution: Govt. Hospital, Puttur.

PRESENT:

1) Sri [illegible] Hegde, B.A., Revenue Divisional Officer, Puttur — Chairman.
2) Dr. [illegible] A. Krishnamoorthy, B.Sc., M.B.B.S., — Secretary
3) Sri [illegible] Shivananda Rao, B.A., B.L., Vakil, Puttur
4) [illegible] Panchayat Board, Puttur — Member
5) Sri K. Venkataramana Gowda, B.A., B.L., Advocate, Puttur — Member
6) Sri [illegible] Adiga, M.A., B.L., Vakil, Puttur — Member
7) Sri [illegible] Subbaya, Land Lord, Puttur — Member

-.-.-.-.-

1. The Committee records with pleasure the prompt action taken by the Director of Medical Services, Madras in posting a woman Assistant Surgeon to this Hospital as requested in the Resolution of this Committee dated 9-7-1954.

2. The Committee notes with regret the delay in the completion of the work relating to improvements to the well attached to the Civil Assistant Surgeon's quarters with provisions for oil engine pump as a source of water supply to the Hospital, sanctioned as early as 1951 in [illegible] 1319-H dated 2-4-1951 (work registered as [illegible] by the Executive Engineer, S.Kanara, Mangalore) and urges once again that the Director of Medical Services may be pleased to take steps for the completion of the said work before the end of the current financial year.

3. The Committee invites the attention of the Director of Medical Services, Madras, to its Resolutions Nos. 1 and 2 dated 9-7-1954 regarding the expansion of dressing rooms, conversion of the Labour room into a Labour ward provision for a Labour theatre and the conversion of the dry earth latrine into [illegible] in remote side type and urges the early sanction and speedy execution of the several items of works detailed above.

4. The Committee learns that the question of providing residential quarters for the Hospital is pending acquisition of the adjacent compound (vide letter [illegible] No.22[illegible]-A-[illegible] dated 26-6-1954 of the D.M.S., Madras). The Committee requests the Director of Medical Services to expedite the land acquisition proceedings.

The committee reiterates its view expressed in its resolutions No. [illegible] dated 31-10-1[illegible] and Resolution No.1 dated 9-7-1954 in regard to the provision of residential quarters

for the Assistant Surgeon and stresses the immediate need of such steps be taken to acquire suitable ground land for the purpose.

In this connection the Committee proposes the following sites for the construction of its vicinity, availability and suitability in all respects:-

a. The premises of the Sub Registrar's Office, Puttur.

b. The compound locally known as Mission Compound opposite to the Assistant Engineer's Office, Puttur.

6. The Committee after inspection of the present small medical store rooms agrees with the Medical Officer that provision of additional accommodation for the same is essential, the present space being too inadequate for the purpose. The extension proposed could be located in the large space available on the eastern side of the present building.

Miscellaneous: The Committee records its satisfaction in regard to the upkeep, tidiness of the hospital and its premises and the proper attention paid to the patients.

Sub: Government Hospital, Puttur - Provision of residential quarters to Woman Asst. Surgeon.

Ref: Letter No. 76469 H.II/53-8, Health dated 29-12-54 from Joint Secretary to Government.

22508 I invite your attention to the above letter which refers to the nonavailability of the Sub-Registry Office building at Puttur for utilisation by the Medical Department and suggest the desirability of acquiring another site close to the Hospital called "Mission Compound" as an alternative proposal for providing residential quarters to the Woman Assistant Surgeon.

The Hospital Advisory Committee also in its meeting held on 24-12-1954 has recommended this proposal. I request you to take up the proposal immediately for reasons of which I have been pressing this question.

Yours sincerely,

K. Venkataramana Gowda M.L.A.

Sir,

Sub: Government Hospital, Puttur, South Kanara District - Improvements - regarding.

Ref: Government Memorandum No.76469 H.11/54-10 dated 2-2-1955.

A37 and A

With reference to the Government Memorandum cited above, the following remarks are offered on the proposal of purchasing the two buildings with a plot from a local compounder for using them as quarters for an Assistant Surgeon (Woman) and for two nurses attached to Government Hospital, Puttur.

1. Location of buildings and plots:- The plots bearing S.Nos.131/12 and 131/38 measuring 60 cents with two buildings are situated in a low-lying area adjoining a channel running west to east. All the storm water from the Hospital, Taluk Office area, etc. has to pass through these lands into the channel carrying dirty water which would become eventually a source for breeding mosquitos. Further it is reported there is no proper approach to those buildings.

2. The buildings were jointly inspected by the Sub Divisional officer, Puttur and the Assistant Surgeons, Puttur Hospital. It seems that they were of the view that the buildings are not suitable for the following reasons.

(i) The size of rooms is small.

(ii) There is no proper ventilation.

(iii) Roofs are too low.

3. Condition of the buildings:- They are said to be 40 to 50 years old and walls are built in laterite in mud having cracks here and there.

4. Scope for improvements:- The Executive Engineer, South Kanara Division has stated that there is no scope for improvement unless they are pulled down and constructed afresh as per type designs.

5. Considering all the above facts, I am of opinion that it is desirable to drop the proposals of acquiring the land and buildings.

Refce. Government memo No.76469/H.II/53-14 dated 6-6-55

I enclose herewith a statement with detailed particulars of (1) the cost of site (2) cost of old buildings now existing on the site (3) cost of ~~the~~ New quarters. It is reported that building is very old and local enquiry reveals that it was put up 40 years ago. Walls are in mud and doors and windows are in country wood. There were visible cracks in the walls and these are recently patched up. Therefore if the Government decide to purchase the plot for building quarters for Civil Assistant Surgeon and Nurses, I would advise immediate demolition of this old structure, levelling up the undulated ground and putting up decent quarters for medical personnel at a cost of Rs.23,500/-.

The total cost of the scheme including demolition, construction of new quarters and purchase of site comes to Rs.30,000/--.

This plot of land known as Mission Compound was recommended by the Hospital Advisory Committee for construction of buildings to accommodate the hospital staff. The site is also close to the hospital.

for Chief Engineer, PWD. (Gl.).

--

ska/

Copy of letter No.1481 SE dated 2-8-55 from the Executive Engineer, South Kanara Division, Mangalore to the Superintending Engineer, West Coast Circle, Coimbatore.

Sub :Government Hospital, Puttur - Improvements - acquiring Mission compound for Lady Asst. Surgeon's quarters.

Ref. 1) Chief Engineer's No.26091/Wks.3/55-2 d/25-6-55
2) Superintending Engineer's memo Nos.834 SK dated 18-7-55 and 868 SK. d/26-7-55.

I enclose herewith a report of the Sub Divisional Officer, Mangalore who inspected the site. The site can be acquired with the existing building and well and used for the time being to house the Woman Asst. Surgeon till such time a quarters is constructed for her. The detailed valuation of the site building and well is also given in the report of the Sub Divisional Officer and the valuation is reasonable.

V. Muthukrishnan, 29-7-55.
Exe. Engr., South Kanara Divn.

Copy of report of the Sub Divisional Officer, Mangalore Sub Division, Mangalore No.1523 E dated 29-7-55.

Sub: Govt. Hospital Puttur - Improvements - Acquiring Mission compound for Lady Assistant Surgeon's quarters - remarks.

Ref. D1.Nos.1292 M dated 22-7-55, 1293 M/22-7-55, 1394 SE d/22-7-55 and 1208 M d/19-7-55.

The Government in their No.76469 H/11-55-14 Health dated 6-6-55 have proposed to acquire the plot called "Mission Compound" for constructing quarters for women Assistant Surgeon, Puttur on the recommendation of the Hospital Advisory Committee.

The site was inspected by me. I herewith enclose a site plan approximately showing the land available and the building situated in the compound. The plan of the building and the accommodation available is also shown separately. Thereis a square well and a bath room whichis only a kutcha building.

The building now existing is not structurally sound as the walls are all of mud with many cracks here and there, which have been recently got repaired by the owner. The buildings it is understood by local enquiry about 40 years old. In front of the building there is ample space available about 132'0" x 115'0" average. Quarter for the Lady Assistant Surgeon can be constructed in this vacant land available in front of the existing building after levelling the high ground existing now which is about 3'0" higher than the site of the existing building. The existing building being very old may be dismantled and quarters for the nursery orderlies can be constructed. Thus it is seen that if this plot is acquired thereis sufficient space for constructing Lady Asst. Surgeon's quarters as well

well as staff quarters. The site is also very near the hospitali.e. within half a furlong distance. The approximate area of the mission compound is about 0.57 acres. The market value of land is 3000/- per acre. Hence the cost of the land is Rs.1710/- . Tahsildar, Puttur has been addressed to estimate the actual extent of land with its present value.

MAIN BUILDING COST.

Walls. Walls of the building are all of mud 1'6" thick. The main walls are 18' high and that of the ~~sides x8x~~ sides 8'0" high and plastered with lime mortar.

Roof: Roof is only with plain Mangalore tiles over country wood reepers and rafters.

Floor. Floor is of Mud plastered over with cement.

Doors and windows: Doors and windows are of country wood with battened shutters. The plinth area of the building is 51'0" x 32'3" = 1645 Sft. at Rs.3-8-0 per Sqft. The capital cost of the building is 1645 x 3-8-0 .. Rs.5758/-

Allowing depreciation for 40 years at 4% the present value will be Rs.5758 - 4634 = Rs.1,124/-.

The total cost of acquisition will be : Approximate cost of land Rs.1,710/-

The present value of the building is as follows:

$5740\left(1-\frac{1.5}{100}\right)^{40}$

$5740(1-0.015)^{40}$

1.000
0.015
0.985

Cost of the well 1000/-

Cost of the site Rs.1,710/

Cost of building less depreciation 1,124/-

cost of the well. 1,000/-

3,834/-

or 3,850/-

Until such time the new building is constructed the present existing building can be occupied by the Lady Assistant Surgeon.

(iii) The construction of quarters for three nurses in the land proposed to be acquired at a cost of Rs 11,800.

Under item (ii) above, there will be saving expenditure to the extent of Rs 2650 and the receipt on account of salvaged articles will be Rs 100/

since there is provision in the Second Five Year Plan for the improvements of Taluk Headquarters Hospitals and for the construction of Nurses' quarters, the items (i) and (iii) above will respectively come within the purview of the Plan. There is acute scarcity of private buildings at Patan and the Asst. Surgeon (Woman) attached to the Govt. Hospital, Patan, is finding great difficulty to get suitable accommodation there. Since the above proposals are essential it is proposed to sanction the same during 1956-57 making necessary provision in the budget for that year as shown in the summary above.

	(2) Expansion of dressing rooms and conversion of labour room into a ward at the Government Hospital, Puttur.	6,100	6.100
	Total.	17,900	17,900
81. Capital Account of Civil Works outside the Revenue Account - a. Original works- Buildings -D.Medical.	Acquisition of land and construction of quarters for an Assistant Surgeon at Puttur.	18,200	18,200

EXPLANATORY NOTE.

The Director of Medical Services has proposed the following improvements to the Government Hospital, Puttur --

(i) Expansion of dressing rooms and the conversion of labour room into a labour ward, at a cost of Rs.6,100;

(ii) Acquisition of a plot of land measuring 57 acre at a cost of Rs.3,850, levelling it at a cost of Rs.600 and construction of quarters for an Assistant Surgeon (Woman) at a cost of Rs.11,200

(iii) The construction of quarters for three nurses in the land proposed to be acquired at a cost of Rs.11,800.

Under item (ii) above, there will be sundry expenditure to the extent of Rs.2,650 and the receipt on account of salvaged articles will be Rs.100/-. Since there is provision in the Second Five Year Plan for the improvements of Taluk Headquarters Hospitals and for the construction of Nurses' quarters, item (i) and (iii) above will respectively come within the purview of the Plan. There is acute scarcity of private buildings at Puttur and the Assistant Surgeon (Woman) attached to the

p/10cf- From the D.H.S. No. 22467 M/52 dt 15-4-54

Wells — Coast. Hospital, Pullur — certain improvements.

p/cf- Sri K. Venkitaramana Gowda M.L.A. has reported that the following improvements to the Coast. Hospital Pullur, S. Kanara Dt, are ~~good~~ quite essential and urgent —

1) expansion of dressing rooms;
2) conversion of labour room into labour ward;
3) providing residential quarters to the Asst. Surgeon (woman), Technical Asst., Nursing orderlies & Totes. ~~He has~~

He has added that the adjoining Sub-Registry office building at Pullur can be utilised for the quarters of the Asst. Surgeon after making certain alterations ~~and~~ by since there is "acute scarcity of buildings in Pullur" it may not be possible to provide an alternative accommodation for the Sub-Registry office. So the question of utilising this office building for the quarters of the Asst. Surgeon need not be considered.

A
This question may also be examined. The D.M.O maybe asked to take up the matter with the Dt. Registrar
24-4-54

p/10cf- The D.H.S. has reported that the improvements suggested by Sri Gowda are of urgent necessity and that plans and estimates will be sent to Govt. if called for. The extra cost to Govt. for effecting the improvements

suggested by the Coorg is not known. It is likely to be heavy. In view of the present financial stringency it may not be possible to do all the improvements now itself. Perhaps the expansion of the dining rooms and the conversion of labour room into the a labour ward may be taken up now. The construction of quarters for the staff of the hospital may be taken up later. It is for orders whether the D.H.S. may be asked to submit plans and estimates for effecting the above improvements to the hospital.

From the C.E.,P.W.D., No.5930 Wks(2)/55 CP d/ 20-5-55

From the D.M.S. No.2247 P&D/54 d/ 28-10-55

From the CE,PWD,No.26091 Wks.3/55-5 d/ 17-10-55.

Sri K.Venkataramana Gowda MLA suggested the following improvements to the Govt. Hospital,Puttur :-

(i) Expansion of dressing rooms and the conversion of the labour room into a labour ward; and

(ii) Provision of residential quarters to the Asst.Surgeon(Woman), and other hospital workers.

The D.M.S. reported that the above improvements are not urgent necessities. It was therefore proposed to implement the improvements to the extent possible.

Item (i) above:- The D.M.S. was asked to submit to Govt. plans and estimates for the expansion of the dressing rooms and for the conversion of the labour room into a labour ward. The plans and estimates are under scrutiny by the D.M.S. The estimated cost of work will be Rs.6,100/-

Item (ii) above:- It is reported that there is an acute scarcity of private buildings at Puttur and that the Asst.Surgeon (Woman) attached to the hospital finds it difficult to get suitable accommodation. Sri Gowda MLA suggested that the local Sub-Registry office building might be taken over to the Medical dept. for use as quarters to the Asst. Surgeon. As no suitable building is available at Puttur to accommodate the Sub-Registry Office, the building used by that office cannot be taken over by the Medl.dept.. It was then proposed to acquire a plot of land measuring about 60 cents with two buildings belonging to Sri P.Ramachandra, a L.F. Compounder, which is said to be near the hospital

for using as quarters to the Asst.Surgeon (Woman) and for two nurses attached to the hospital. The C.E.,PWD, reported that the above plot of land and buildings are not suitable and suggested that the proposal ~~xxxxxxx~~ for acquisition might be dropped. The C.E. was then asked to consider the suitability of the plot of land known as 'Mission compound' for constructing quarters for the Asst.Surgeon and Nurses, and to submit a report to Govt. The area of the compound is about 0.57 acre.There ~~is~~ are a well and small building in the compound. The building will have to be demolished as it is ~~xxxxxxx~~ not structurally sound. The cost of acquisition of the ~~xxx~~ land with building will be Rs.3,850/- The cost of construction of quarters for Asst.Surgeon (Woman) and Nurses will be Rs.26,150/-(including sundry expenses). The land is suitable for the construction of quarters for the medical personnel . The land may be acquired and quarters constructed at a total cost of Rs.30,000/-

Since the improvements suggested above are quite essential, the proposal may be treated as a Part II Scheme for 1956-57. For orders.

The remarks of the P.W.dept. and the Fin. dept. may be invited u.o.

PUBLIC WORKS DEPARTMENT

12

BG II

and the high cost of labour and material the present policy of Govt. is to accord sanction only to such building schemes as are immediately & imperatively essential for carrying on the Administration. In Memorandum No Do 175 A-BG-3) 13.9.55 Finance have laid down as one of the criteria that ~~that~~ schemes involving construction of buildings may be reduced to the minimum for implementing the II Five Year Plan. Moreover preference is usually given to non-residential buildings like hospitals, schools, offices rather than to residential quarters in the greater interest of the public.

In the circumstances stated above it is very doubtful whether the present proposal will satisfy the afore-said criteria. Finance will no doubt advise whether this proposal may be forwarded as a Part 4 Scheme for 1956-57 or not. With these remarks the Case may be passed on to Finance.

P.W.D. need not object to the proposal.

Part II scheme for 1956-57

Sub:- Improvements to the Govt Hospital, Puttur and provision of residential quarters for the staff at the hospital.-

Cost: Rs 36,100/- non-recurring

✓ 4000 } (1)
2100 }
30000 -(2)
36100

Arising from the representation of Sri K. Venkataramana Gowda M.L.A, the D.M.S has submitted the following proposals to Govt:-

(1) Expansion of dressing rooms and the conversion of the labour room into a labour ward at the Govt Hospital, Puttur.
(2) Provision of residential quarters to Asst Surgeon (Woman) and other hospital workers at the Govt Hospital, Puttur.

Item (1) above:

The proposal is to convert the labour room into a labour ward and to extend the dressing room in the Govt Hospital, Puttur at an estimated cost of Rs 4000/- and Rs 2100/- respectively. The plans and estimates are reported to be under scrutiny by the D.M.S. HELA have recommended that pending receipt of plans and estimates for the work, it may be considered as a Part II scheme for 1956-57. P.W.D have no objection to the proposal. It is presumed that the Govt Hospital, Puttur is a Taluk Hdqrs Hospital. If this can be fitted into the "scheme for effecting improvements to the Taluk Hdqrs Hospitals" which has been included in the draft Second Five Year Plan, Finance need not object to the proposal going forward

p 67 of

The DMS may be asked to expedite submission of Plans & Ests

as a Part II Scheme for 1956-57 subject to the remark that the total cost of all such proposals does not exceed Rs 22.73 lakhs during 1956-57, which is the amount provided in the Plan

112

ADS

Item (2) on p 13-above.

It is reported that there is an acute scarcity of private buildings at Puttur and that the Asst Surgeon (Woman) attached to the hospital finds it difficult to get suitable accomodation. The C.E.P.W.D(S.I) has proposed that a plot of land measuring 0.57 acre in the 'Mission Compound' may be acquired and that quarters for Asst Surgeon (Woman) and Nurses may be constructed at a total estimated cost of Rs 30,000/-. The HELA deptt consider that the work is quite essential and that it may be considered as a Part II scheme for 1956-57. The proposal does not strictly form part of any of the schemes included in the Second Five Year Plan. "A scheme for the construction of Nurses' Quarters" has been included in the Second Five Year Plan at an estimated cost of Rs 2.55 lakhs during 1956-57. If the present proposal can be fitted into this scheme, this deptt need not object to the proposal going forward as a Part II scheme for 1956-57.

Note for circulation

The case relates to the improvement to the Govt. Hospital, Puttur and to the construction of quarters for Woman Asst. Surgeon and Nurses attached to the hospital. The note on ff 10-11 ante may be perused. It was suggested that the following proposals might be considered as a Part II Scheme for 1956-57 -

(i) Expansion of average rooms and the conversion of labour room into a labour ward at the Govt. Hospital, Puttur at a cost of Rs. 6100/-; and

(ii) Provision of quarters to the Asst. Surgeon (woman) and the nurses attached to the hospital at a cost of Rs. 30,000/-

The P.W. dept have not objected to the above proposal. The Fin. dept have agreed only to the first proposal relating to the improvement to the hospital. That dept have suggested that the proposal for the construction of quarters may be deferred as it does not appear to be immediately and imperatively essential.

2. The case may be circulated to M(H) M(W) and M(F&E) for orders whether the above two proposals may be treated as a Part II Scheme for 1956-57 or whether the first proposal only be treated as a Part II Scheme as suggested by the Finance dept.
